### Pocket-sized 1080p streaming device with Android TV

Coming in a small size of just 92.4 x 30.4mm, Mi TV Stick is highly portable and can brighten up any environment, be it a new apartment, hotel room or a college dorm. By simply plugging the Mi TV Stick into any screen, users can enjoy thousands of hours of engaging content in 1080p resolution. With the built-in Android TV, users can stream popular TV channels and get access to countless apps through Google play\*.

### Google Assistant and Chromecast built-in

Control your TV, get content recommendations, command smart home devices and more with your voice by asking Google Assistant.\*\* Mi TV Stick also embeds the latest version of Chromecast allowing users to seamlessly cast any content from their favorite device right onto the TV, no strings attached.

### Dolby and DTS surround sound support

Supporting both Dolby and DTS audio compression technologies, Mi TV Stick makes sure that you hear your favorite films, shows and songs the way they were meant to be heard. Premium audio quality and surround sound create a highly immersive atmosphere automatically adapting to any preset audio requirements.

### Bluetooth Voice Remote, Netflix and Prime Video buttons

Mi TV Stick comes with a Bluetooth remote control with dedicated buttons for swift access to Google Assistant, Netflix and Prime video.\*\* Thousands of films and shows are now just one click away. Google Play also opens a window to a smorgasbord of apps, including other popular streaming services and countless games.

### Quad-core CPU, 1GB of RAM + 8GB storage

Quad-core Cortex A53 processor in tandem with 1GB of RAM and 8GB of internal storage ensures substantial output capacity, taking the experience of streaming on a TV to the whole new level. Enjoy your favorite films, TV shows, videos, games and more in stunning quality and with no interruptions.
