Turning your HTC Mini+ on or off

To turn your HTC Mini+ on, short press .

To turn your HTC Mini+ off, press and hold .

Pairing your HTC Mini+ via Bluetooth

1. Turn your HTC Mini+ on. Then press and hold  to make your HTC Mini+ discoverable.
2. On your phone, turn *Bluetooth*[®] on and then tap **Bluetooth** to see the list of available Bluetooth devices.
3. Tap **HTC Mini+** to pair.

When pairing is successful, you'll see  in the status bar and app icons on your HTC Mini+.

What you can do with HTC Mini+

	View your call history and frequent callers. You can also use the lists to make calls.
	View text messages and send a quick reply using a preset response stored on your phone.
	View ongoing and upcoming calendar events.
	See how many new emails you received and be notified if your phone's battery is critically low.
	Remotely control the camera shutter on your phone, the Music app, presentation files, control your TV, and more.
	Find your paired phone or access the settings for your HTC Mini+.

Some icons show the number of new notifications (such as number of missed calls on the Phone icon).

To select an icon, use the navigation control. The navigation control consists of an enter button and an outer ring. The enter button is used for selecting items. The outer ring is used to navigate up, down, left, and right.
